

**IMPROVE THE LOOK OF YOUR HOME
AND YOUR ENERGY BILL.**

ENERGY-EFFICIENT. RELIABLE. BEAUTIFUL. ANDERSEN.[®]

Andersen[®] and EMCO[®] storm doors add instant beauty to your home, while making your energy bill look a lot more appealing. In fact, an Andersen or EMCO storm door can **improve the energy efficiency of your entrance by up to 67%.*** They're easy to install and are at their best during inclement weather. Plus, with so many styles, you're sure to find one that complements the look of your home.

IMPROVE THE LOOK AND ENERGY EFFICIENCY OF YOUR HOME IN **3** EASY STEPS.

1

MEASURE YOUR DOORWAY

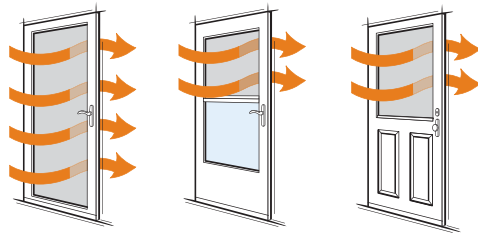

See the measuring instructions on page 3 for an easy way to determine the correct door size.

2

CHOOSE YOUR DOOR STYLE AND VENTILATION OPTIONS

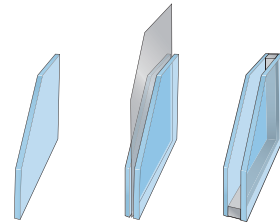

Select from a variety of storm door styles, ventilation and glass options, and other features.

STYLE AND VENTILATION

We offer multiple ventilation options to fit your preference.

GLASS

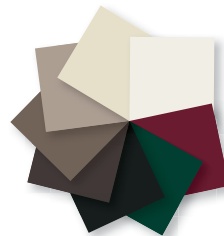

Select from a full range of tempered glass options, including standard clear glass, laminated safety glass and dual-pane insulating glass.

3

CHOOSE THE LOOK YOU WANT

Create your storm door from our extensive selection of hardware, color and size options.

1

MEASURE YOUR DOORWAY

Andersen® and EMCO® storm doors simply attach to the exterior trim of an existing entry door. Find the door size you need by following these easy steps.

HEIGHT

Measure for height (H) from the sill to the underside of the exterior trim at the top of the door.

H _____
Record your door height.

WIDTH

Measure the width at the top (W1), center (W2) and bottom (W3) of the door opening. Use the shortest measurement when ordering if they vary.

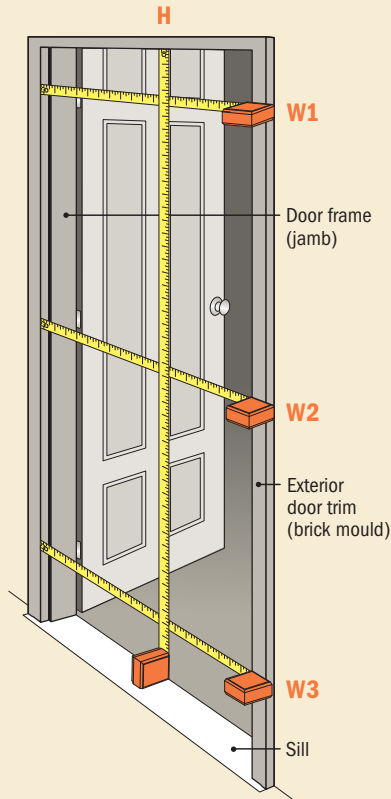

W1 _____ W2 _____ W3 _____
Record your door width.

For double doors, order two doors and double-door kit.

SELECT DOOR SIZE

Use the sizing charts below to select a door size. Be sure to verify space requirements for the door you select.

_____ Record the door size you need.

Andersen® Contemporary Trim Fullview Clear door in Bronze with Nickel hardware.

VERIFY SPACE REQUIREMENTS

Verify the minimum space requirements on your existing door frame to make sure that your new storm door will fit.

DIMENSION A

- Minimum of 3/4" (1.91cm) required for Andersen® doors
- Minimum of 1" (2.54cm) for EMCO® doors

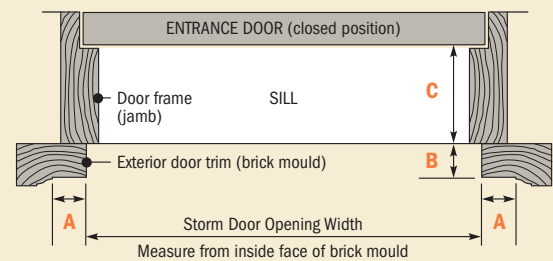

DIMENSION B

- Minimum of 1" (2.54cm) required
- For openings less than 1" but greater than 3/4," order optional narrow mount kit for proper installation

DIMENSION C

- Minimum of 2 1/2" (6.35cm) required

TOP VIEW

STORM DOOR SIZE CHART

Andersen® and EMCO® doors		
Door Size	Width Range	Height Range
30"	29-7/8" to 30-3/8"	
32"	31-7/8" to 32-3/8"	80" to 80-7/8"
34"	33-7/8" to 34-3/8"	for all door sizes*
36"	35-7/8" to 36-3/8"	

EMCO® Store-In-Door		
Door Size	Width Range	Height Range
30"	30" to 30-3/8"	80" to 80-7/8"
32"	32" to 32-3/8"	for all door sizes
36"	36" to 36-3/8"	

NEED A CUSTOM SIZE?

Custom sizing only available with Standard Clear Glass storm doors

Custom size ranges for each brand		
Door Size	Width Range	Height Range
Andersen Custom	27-3/4" to 38-3/8"	72" to 84-7/8"
Andersen Custom XL	27-3/4" to 42"	72" to 96"
EMCO Custom	27-3/4" to 38-3/8"	75" to 84-7/8"
EMCO Custom XL	38-1/2" to 42"	79" to 91"

To qualify for Andersen Custom XL sizing, only one of the following conditions must be met:

- Width of opening must exceed 38-3/8" or
- Height of opening must exceed 84-7/8"

Andersen Custom XL must be specified RH or LH. Ask an associate for details. For openings up to 1" wider than those listed, order an optional z-bar extender kit. Kits are also available for double-door installation for all models and colors.

For opening widths outside these ranges, custom doors provide the best fit and installation. Alternatively, for openings up to 1" wider than those listed, an optional z-bar extender kit is available for purchase.

*84" and 96" heights available on the Andersen® Contemporary Series Fullview Interchangeable door, 36" White; 96" also available in Almond.

Questions about measuring or for more information call 1-800-933-3626 or visit us online at stormdoorcentral.com

2

CHOOSE YOUR DOOR STYLE AND VENTILATION OPTIONS

Select from over 30 door styles featuring Full-Lite, ¾ Lite, or ½ Lite glass, decorative lower panels or grille options. Interchangeable doors provide seasonal ventilation when the insect screen is in place. Self-storing doors offer convenient anytime ventilation.

DOOR STYLE

FULLVIEW DOORS
Let in the maximum amount of light and air while beautifully framing your entry door.

FULL-LITE DOORS
Let in an abundance of light while also benefitting from convenient anytime ventilation without having to remove a glass panel.

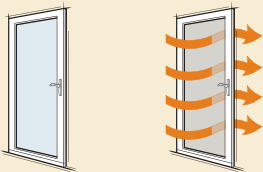

¾ LITE
Enhance your entryway by choosing optional grille and decorative lower panel options.

½ LITE
Traditional styling possible with optional grille and multiple decorative lower panel options.

VENTILATION OPTIONS

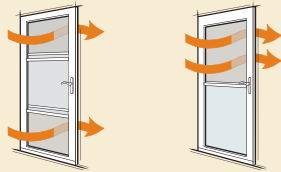

FULLVIEW FIXED OR INTERCHANGEABLE

Fullview fixed doors have a non-removable laminated glass panel that offers a weather-tight seal and added security all year long without an insect screen option.

Fullview interchangeable doors allow for the most ventilation with an interchangeable insect screen and glass panel. Carefully store the panel not in use.

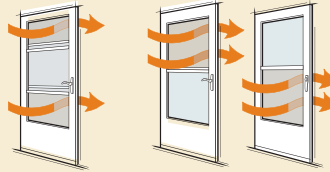

FULL-LITE SELF-STORING

Dual vent doors feature one-hand operation with smooth gliding glass that allows anytime ventilation from the top, bottom or both sections simultaneously.

Single vent doors provide anytime ventilation with a retractable insect screen that disappears into the top of the door frame when not in use.

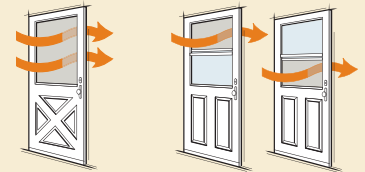

¾ LITE SELF-STORING

Dual vent doors are easy to operate and allow anytime ventilation from the top, bottom or both sections simultaneously.

Single vent doors provide anytime ventilation with either a retractable insect screen or a permanent screen with glass panels that easily raise or lower.

½ LITE INTERCHANGEABLE OR SELF-STORING

½ Lite interchangeable doors provide seasonal ventilation with snap in/out glass and insect screen.

Single vent doors provide anytime ventilation with a retractable insect screen or a permanent insect screen with glass panels that easily raise or lower.

GLASS OPTIONS

STANDARD CLEAR GLASS

Standard tempered glass is **5x stronger** than regular glass.

INSULATING GLASS

Dual-pane insulating glass offers **enhanced energy performance**. Only available on Contemporary Deluxe Fullview interchangeable door.

LAMINATED GLASS

Permanently sealed for added security, laminated glass offers **impact resistance and increased UV protection** to help resist fading. Only available on Contemporary Deluxe Fullview fixed door.

3

CHOOSE THE LOOK YOU WANT

Select your storm door from our extensive collection of styles, colors, sizes and other options.

COLOR

We offer 8 different colors that complement the look of your home.

SWEEP

Brass or nickel sweeps match your hardware. With Oil Rubbed Bronze, Black or White hardware, the sweep will match your door color.

HARDWARE

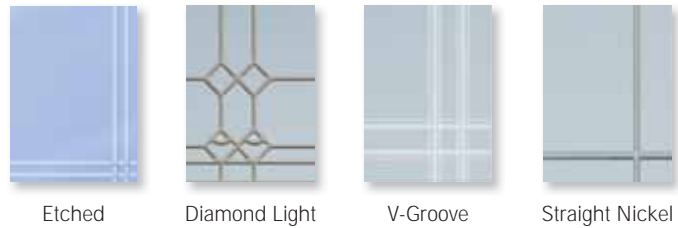

TARNISHGUARD™ coating on the handle helps to keep your handleset looking better longer. Look for the TARNISHGUARD™ logo to identify hardware with this feature.

GLASS STYLE

Add a touch of beauty to your home with our selection of decorative glass.

DECORATIVE GLASS

THE ABOVE OPTIONS ARE NOT AVAILABLE ON EVERY DOOR. FOR COMPLETE LIST OF FEATURES AND OPTIONS BY DOOR MODEL PLEASE SEE THE COMPARISON CHART ON PAGES 18-19.

COLOR-MATCHED CLOSERS

All Andersen® storm doors feature color-matched closers with push-button convenience, allowing you to keep the door open with the tap of a button.

ANDERSEN® FULLVIEW DOORS

STORM DOORS BY DESIGN

The Storm Doors by Design program, with the exclusive features of the Andersen® Fullview Contemporary Series door featured on page 7, gives you unlimited design flexibility with the most frame color, glass design and hardware options. This allows you to create a personalized storm door that fits your home and your needs. Choose from 8 door colors, 13 glass options, 10 hardware options and 10 sweep finishes.
